Allyship to Impact: 6 Traits to Impact Change

Join Tanya Gibson, VP of DEI & HR from Big Brothers Big Sisters of America, as she candidly outlines the need for humanity, hope, and humility. This session will include topic exploration regarding discussions on race, sexism, and other inequities related to liberation work. In this session, we will examine the 6 Traits to Impact Change to cultivate and embody cultural humility, behaviors, and actions that teach advocacy and liberation work. In addition, you will be able to interact with one another and begin to uncover why liberation work is critical to the success of bridging meaningful understanding within our communities when it relates to social justice activities and the lived experiences of marginalized communities and people of color.
